Meet The Team

Madison Ahart
Visual Designer and UX
Researcher

Noah Baldwin
Back-End Developer

Emily Barnum
Front-End Developer

Milena Brown
Visual Designer and
HTML/CSS Developer

Minki Choi
Database Developer

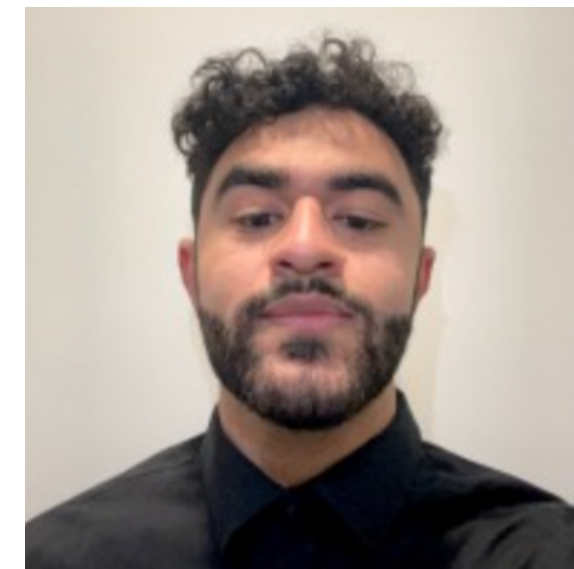

Hunter Hair
Client Liaison

Diane Lee
Project Manager

Ben Palley
Front-End Developer

Ahmed Salem
Back-End Developer

Rose Tombul
Database Developer

Current Problems

- Students disrupting ongoing meetings
- Hallway obstruction creates traffic and flow issues
- Lack of process structure
- Limited visibility on wait times and lines

Proposed Solution

Goal 1

To give students and professors adequate time to meet and address concerns

- "As a student, I want meetings during my professors' office hours to go uninterrupted so that I can address my issues within the meeting."

Goal 2

To make scheduling meetings between professors and students simple and easy

- "As a user, I want to easily be able to schedule a meeting rather than going back and forth over email."

Goal 3

To display wait time to students and number of students in the queue to professors

- "As a user, I want to see how much time I have before my meeting begins."

Meet the Users

USER 1

ROBERT TYSON

Gender : Male
Age : 55
Education : Master's Degree
Occupation : COB Professor at JMU
Address : 1213 Gold Lane, Harrisonburg, VA

BIOGRAPHY

Robert Tyson is a Business professor at JMU and wishes he had a more organized way to plan meetings with his students as well as a more interactive system to work with when communicating with students in line and scheduling.

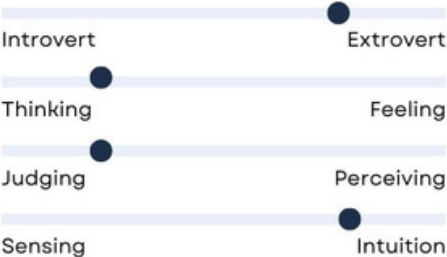

WANTS & NEEDS

- A way to see who is in the que & waiting time
- A way to message all students in the waiting room
- An easy way to change office hours listing
- A way to override meeting requests

FRUSTRATIONS

- Current system relies heavily on email communication
- Hard to communicate with students in line
- Sytem is not easy to read

PERSONALITY

TECHNOLOGY

USER 2

CINDY ROSE

Gender : Female
Age : 20
Education : Obtaining Bachelor's Degree
Occupation : Student at JMU
Address : 5689 Duke Lane, Harrisonburg, VA

BIOGRAPHY

Cindy is a junior business major who is looking to meet with her COB professor about a test score, but has very limited time to meet with him outside of class and would prefer to make her scheduled meetings straight from her smartphone.

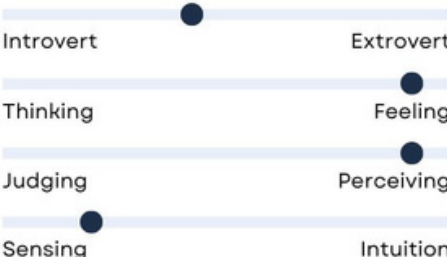

WANTS & NEEDS

- Pick the purpose for the meeting before scheduled time
- A way to sign up for office hours via smartphone
- A way to see how many people are in front of her in line
- A notification for when she is ready to be seen

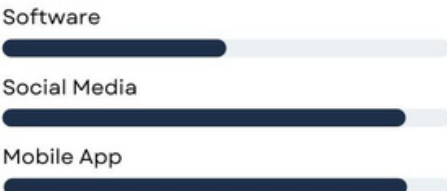

FRUSTRATIONS

- No estimated waiting time for the line
- No notification directly from the meeting system
- No way to message the professor when in the waiting room
- No mobile option for scheduling

Design Mockups

Mobile Mockups - Login

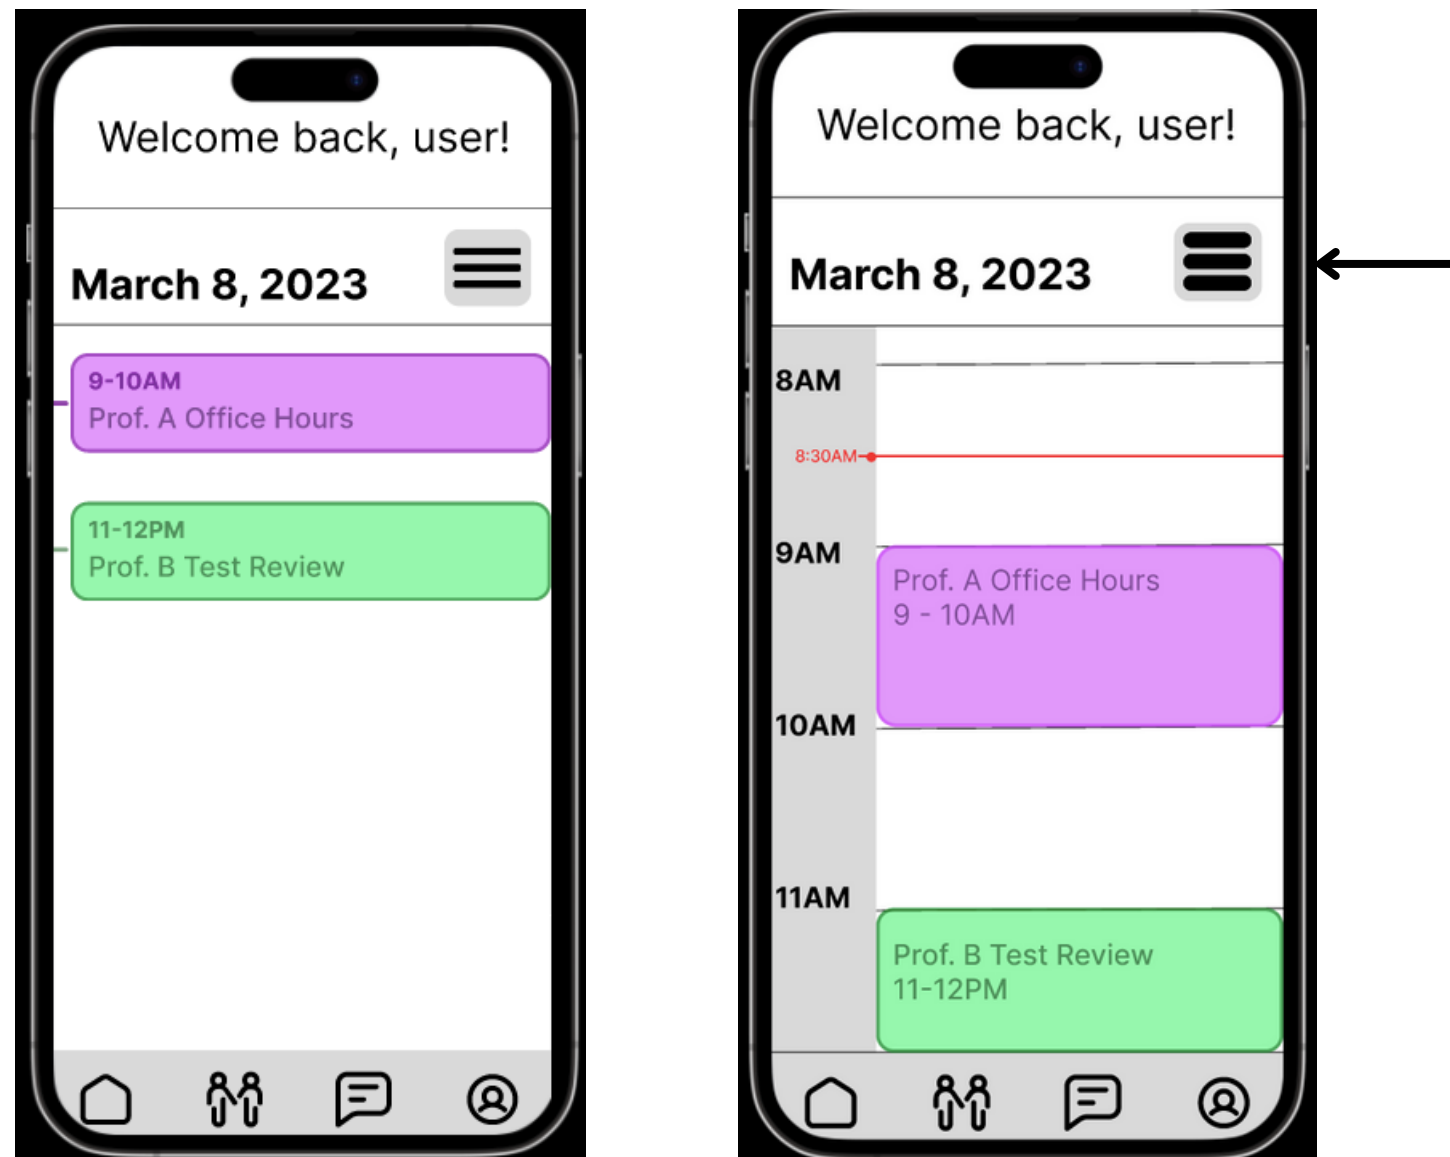

Simplified login design
for easy student &
faculty access

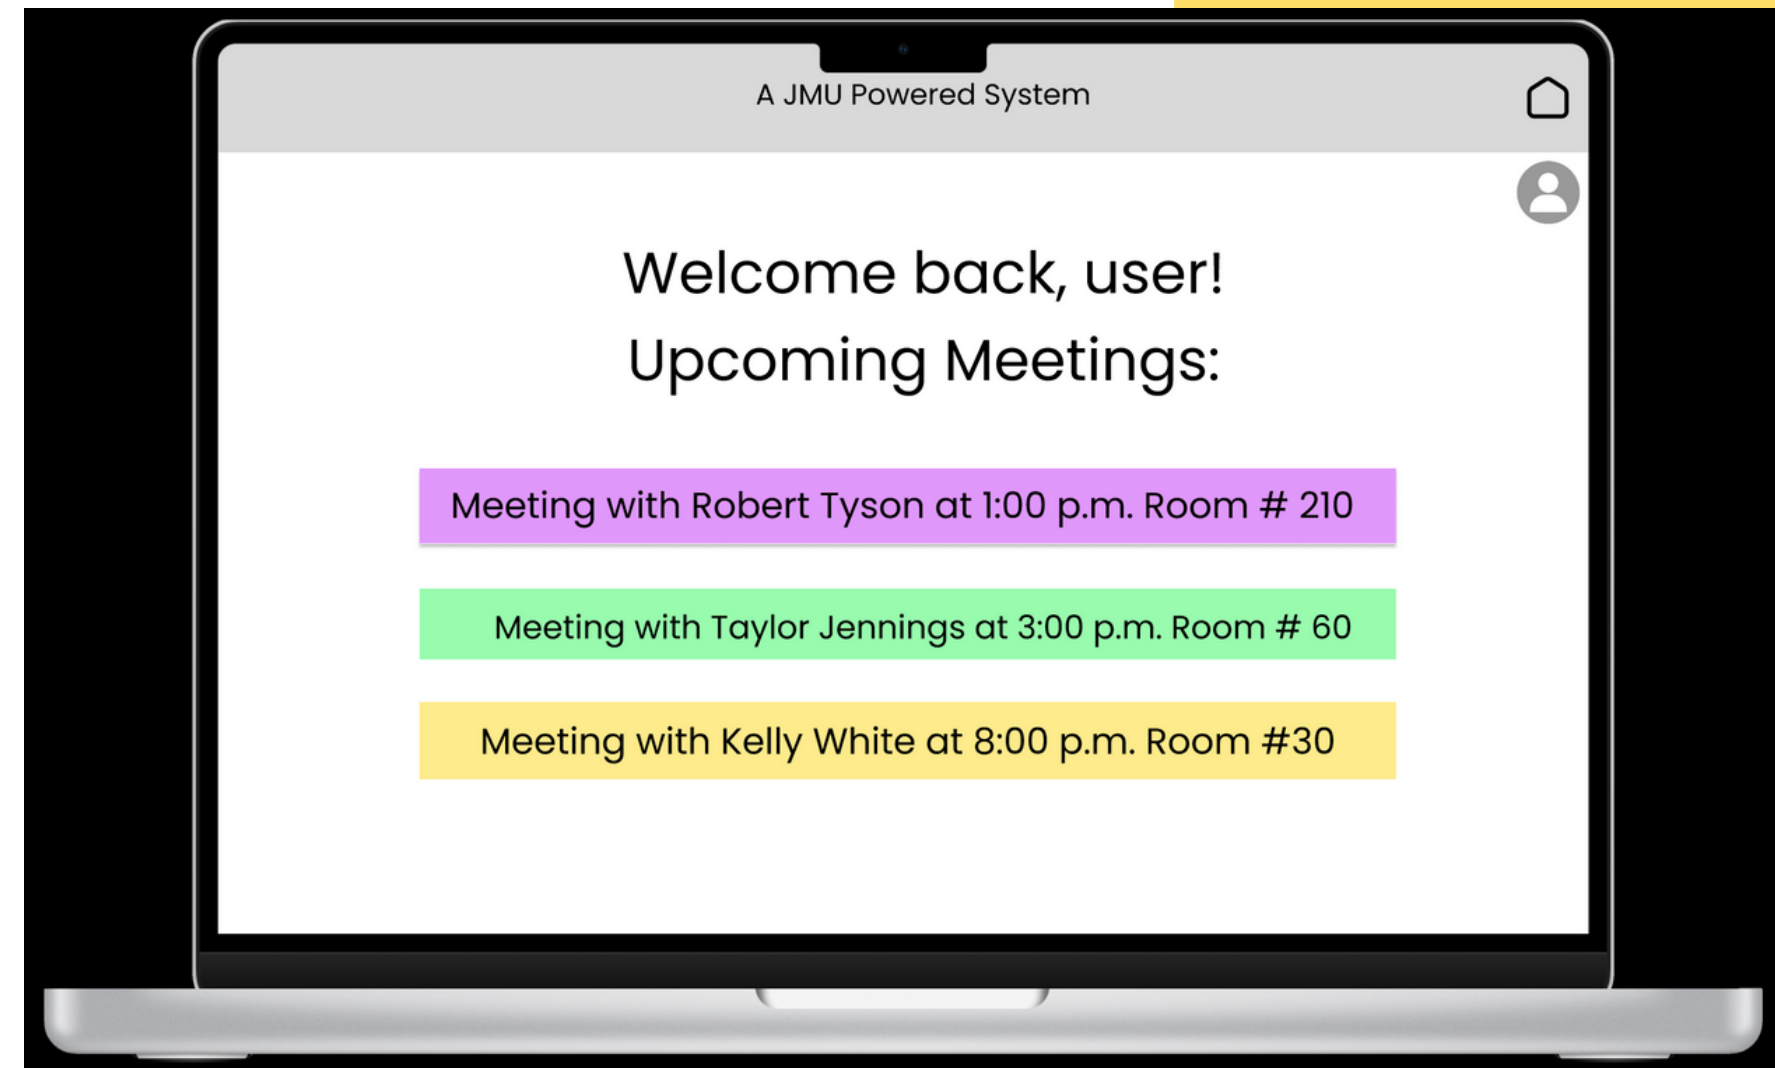

Design Mockups

Mobile Mockups - Home

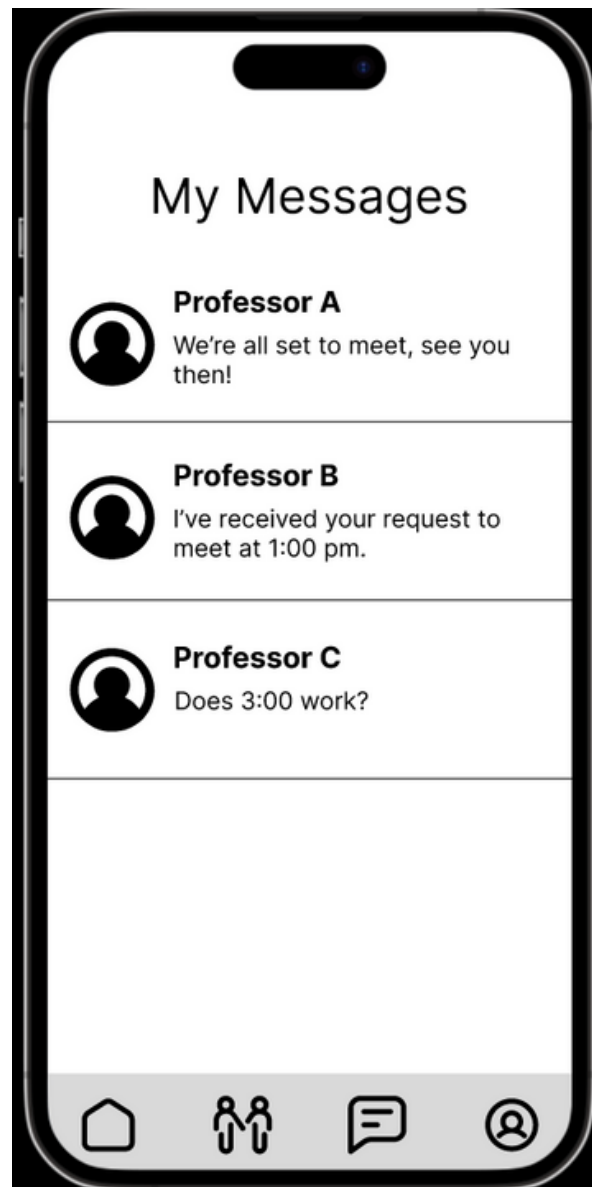

Two homepage layout options
Stack view & list view

Upcoming meetings displayed on home page

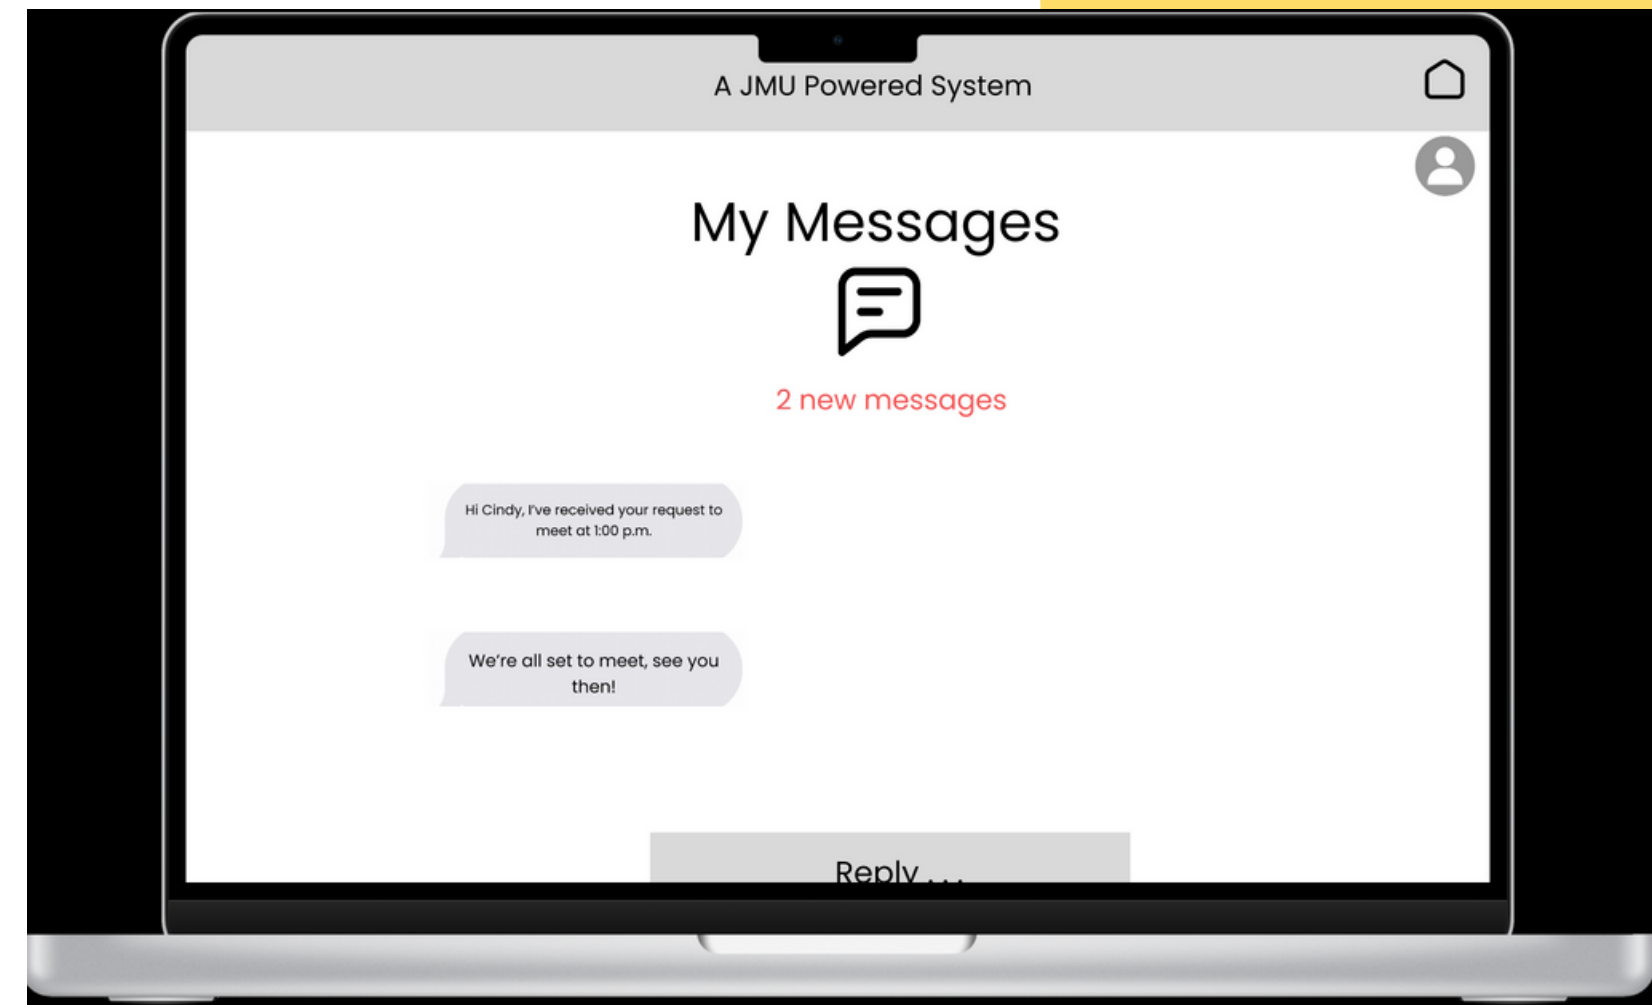

Design Mockups

Mobile Mockups - Messages

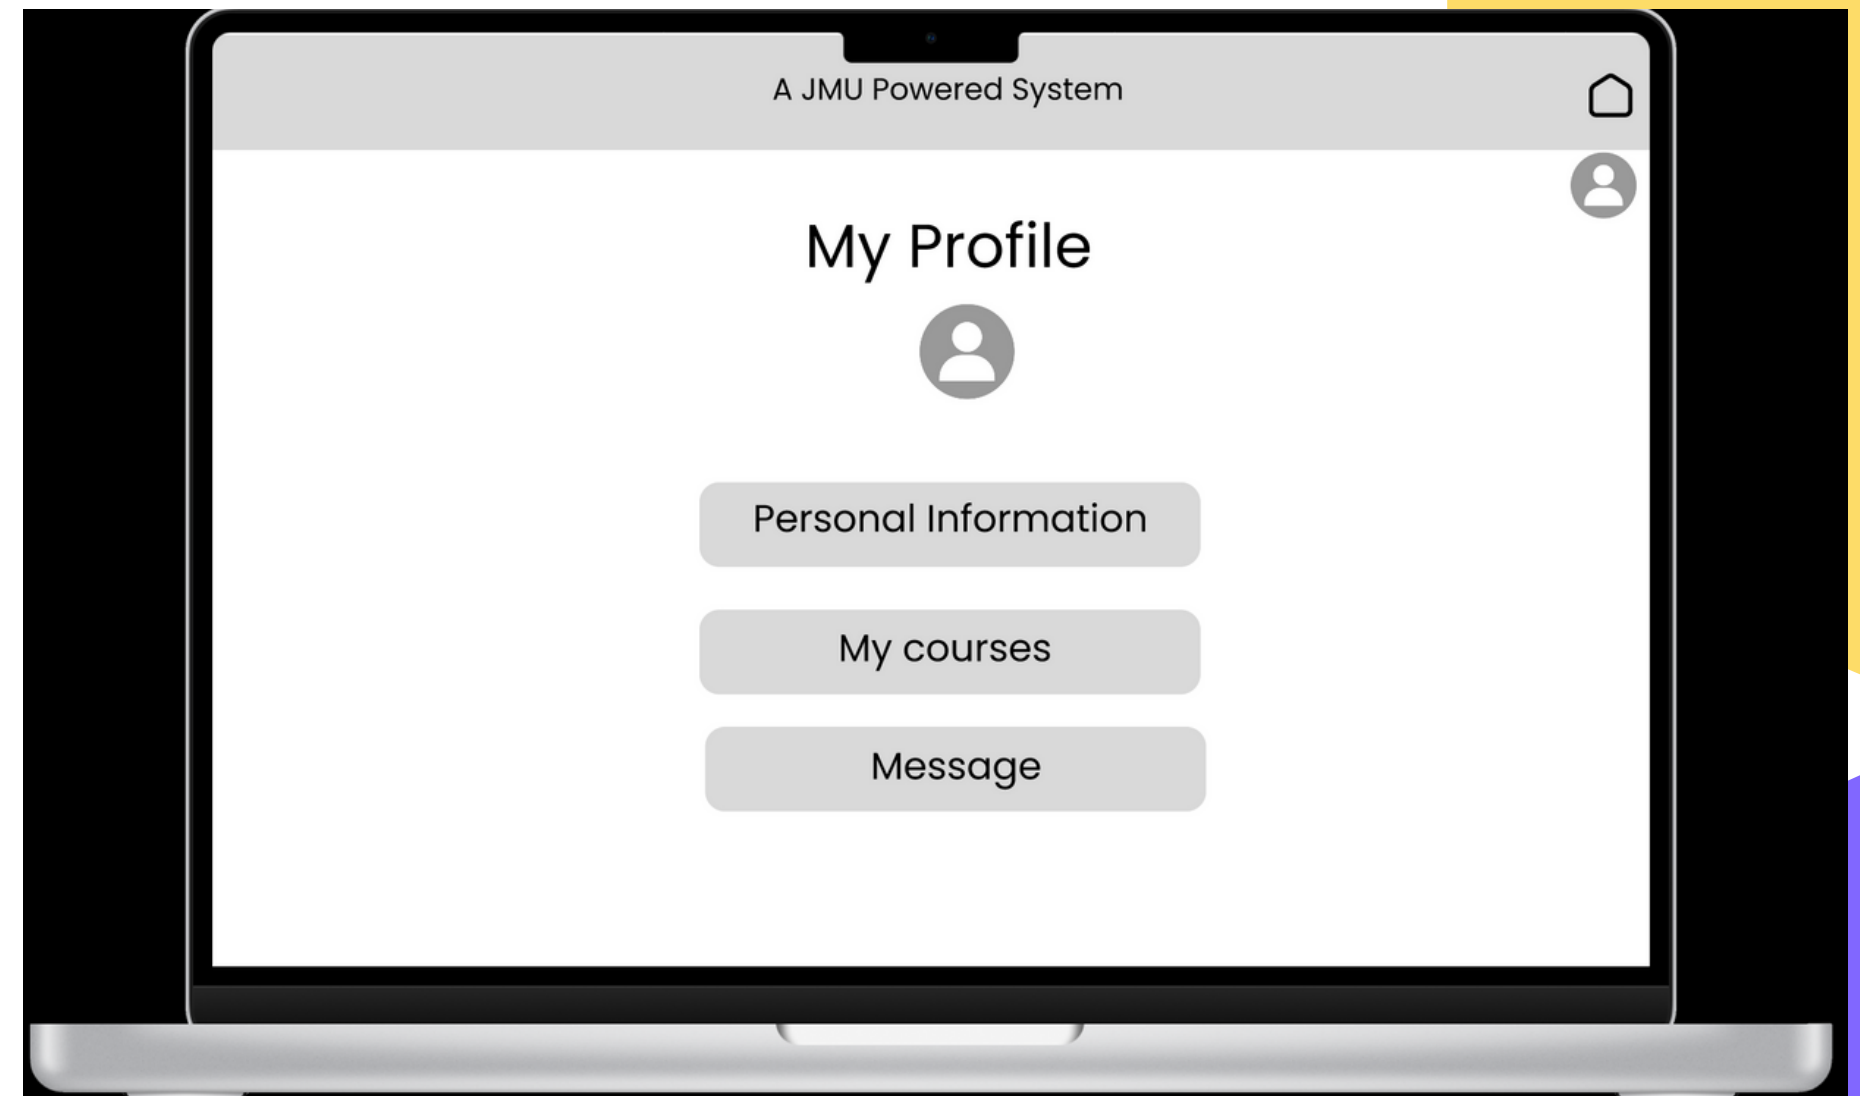

Option to reply to messages and view all conversations

Design Mockups

Mobile Mockups - Profile

Profile page
allows users to
access all
personal info &
tabs

Next Steps for Development

- Continue expanding on functionalities
- Incorporate more Bootstrap
- Meet with clients

THANK YOU!
